Binding Rulings and Antidumping/Countervailing Duties

Binding Rulings: As the IOR (importer of record), it is your responsibility to verify the proper classification of your product. You can do so by contacting CBP and providing those details because since we are your freight forwarder, and even our partner customs broker is not the IOR, the IOR must make sure they classify their products properly so there isn't any issue with CBP. You can double check your classification here: <http://rulings.cbp.gov/>
